

How to Order Young Living Essential Oils

The best way to order essential oils is to head over to Young Living and register with your own account either as a customer or a distributor - when you're ready, go [here](#).

Why Should You Register?

Registering with your own account gives you full control over your order. You can choose from Young Living's full product line and can even track the status and shipment of your order. Then when you're ready to make your next purchase, you simply log into your account and place the order.

Customer vs. Distributor

The beauty of signing up as a distributor is that you get 24% off retail pricing on your favorite products. And if you sign up with a premium starter kit, you get the diffuser which is a great way to get started with essential oils. Not to mention it's an easy way to make your house smell wonderful!

Another great benefit to signing up as a distributor is that you can take advantage of Young Living's compensation plan and essential rewards program.

Registration

If you're ready to get started, register [here](#).

Helpful Resources

Here are some helpful resources for more information about Young Living, their promise on quality, and the essential oils and other products.
